# EHIMIKA OHIOZE

Web Designer | Front-End Developer

08144242039 • ehimikaohioze641@gmail.com • LinkedIn: Ehimika Ohioze

## PROFILE

Passionate Web Designer with 2 years of experience creating visually appealing, user-friendly and purposeful websites. I enjoy expressing creativity through standard, solid digital designs while combining aesthetics with usability and business objectives. My focus goes beyond simply building websites: I create digital experiences designed to help brands attract customers, generate quality leads, optimize sales and provide a better experience for their clients.

## CORE SKILLS

| | | |
|---|---|---|
| Web Design | HTML & CSS | JavaScript |
| WordPress | Responsive Design | UI/UX Principles |
| Website Optimization | SEO Fundamentals | Git & GitHub |
| API / Integration Fundamentals | Landing Pages | Business Websites & Online Stores |

## EXPERIENCE

### Web Designer / Front-End Developer

Freelance / Independent Projects • 2024 – Present

- Design and develop professional websites for businesses, focusing on strong visual presentation, usability and responsive layouts.
- Create business websites and online-store concepts that communicate brand identity while supporting lead generation and customer conversion.
- Build and customize websites using HTML, CSS, JavaScript and WordPress, with attention to performance and mobile responsiveness.
- Develop portfolio and concept websites including Rehize Nigeria Limited, Celebrations & Events Pro and restaurant/real-estate website concepts.
- Apply SEO fundamentals and website-structure principles to improve discoverability and create better customer journeys.

### NYSC — Integration Department

Remita • Nigeria

- Gained practical exposure to software integration workflows and the connection of digital services through APIs.
- Strengthened problem-solving, technical communication and understanding of web-based systems in an integration-focused environment.

## EDUCATION

### B.Sc. Computer Science

Benson Idahosa University • Second Class Upper (2:1)

## SELECTED PROJECTS

**Rehize.com** — Business website concept for a printing and branding company, focused on presenting services, credibility and client work.

**Celebrations & Events Pro** — Event-planning website concept designed to showcase services, brand identity and a premium customer experience.

**Oz Chops** — Restaurant website concept with a visually driven hero section and clear ordering call-to-action.

**Alhaji Estates** — Real-estate website concept focused on property discovery, strong visual presentation and lead-generation pathways.

## CAREER OBJECTIVE

To continue developing as a professional Web Designer and Front-End Developer while helping businesses establish a strong online presence through websites that are attractive, functional, customer-focused and commercially effective.
